

QUALITY, HYGIENE AND HALAL FOOD POLICY

The continued success of the company named Poşetsan Ambalaj depends on the QUALITY, which is the most important competitive factor of today. For our company, product quality and company quality are inseparable.

- To respond professionally to our customers' needs by informing them on technical issues,
- To continuously make better and develop the Quality Management System,
- To provide our customers with quality, low-cost and safe products by using our resources efficiently, to ensure timely delivery,
- Not to fall behind technology by reflecting the latest technological developments to the products,
- To ensure that all employees are competent and qualified in their fields, to strengthen them with training,
- To provide our customers with safe, hygienic, healthy and halal products in line with applicable laws, regulations and expectations by implementing adequate and patient practices to avoid potential risks,
- Working in accordance with national laws and regulations,
